FIRST STEPS

Step-by-step guide

1 - ADMINISTRATIVE PROCEDURE

MUST DOS

> **I check my email (and junk email) for the following messages between July and mid-August:**

- an initial welcome email sent by Student Affairs (scolarite@ec-nantes.fr) followed by
- an automatic email from OnBoard for enrolment.
- I will also receive a second email from Student Affairs (scolarite@ec-nantes.fr) with more information for the start of the school year and from the Student Associations.

> **I make sure that my enrolment on OnBoard is fully complete** (all required documents uploaded and tuition fees paid).

- Once my enrolment is complete, my IT account will be created.
- I will receive an automatic e-mail from the IT Department.
- **I activate my IT account** and choose my password to access the school's digital tools.

> **I collect my key card (to access campus)** and Pass'Sup card during one of the Welcome Week sessions (or from the Student Life Team at a later date).

> **I am a non-European student:** I take all the necessary steps online to obtain my residence permit.

> **I come with sports clothes and shoes** for mandatory sports activities during Welcome Week.

CAN DOS

> I would like to take part in the school's student clubs and sports. I pay the (optional) membership fees to the Centrale Nantes student association AECN (BDE and BDA) and the sports association (AS).

> I join the Centrale Nantes alumni network by activating my account on centraliens-nantes.org.

> I create my account on Centrale Nantes Jobteaser to access the school's Careers platform (internship offers, events and professional meetings).

Need some help to complete your enrolment or other admin (CAF, residence permit, bank, insurance, etc)?

We're here to help! Come along to the new student helpdesk

The Student Affairs Office is also open for enrolment questions (Mon-Fri am).

Step-by-step guide

2 - MAKE CONNECTIONS

- I take part in the Welcome Week activities - see programmes
- I join the Centrale Nantes student community on the Goin' application
- On social media I follow my school (Instagram, LinkedIn, Facebook)
- I connect with the school clubs and associations on social media (BDE/BDA/BDS) and the Nantral platform (school email address required).
- I join one or more student associations (alpha web site and association forum, see Welcome Week schedule) or I can even create my own club.
- I take a look at the weekly schedule of activities organised by the clubs and associations (on the big screens)
- I take advantage of the social, creative and sports facilities (Kfet, Maison des Elèves (MDE), green spaces, sports facilities, Multimedia library, **FabLab**, etc.).
- I join the Centrale Nantes Alumni (CNA) groups on centraliens-nantes.org and I follow on CNA on instagram

3 - STUDY ESSENTIALS

- I regularly check my timetable on OnBoard (NB you can only access OnBoard once your enrolment is complete).
- I consult my course material on Hippocampus.
- I read my Centrale Nantes emails and use my school email address to communicate with the school's departments.
- I consult the intranet regularly, where I can find all the information I need for my studies.
- I use the resources available to me (**Multimedia library**, FabLab, computer rooms)

Research facilities

Where to eat

The Cafeteria

Be it for a coffee break, a lunch or an event, the cafeteria in building E is open to all: students, staff and teachers alike.

Located in the centre of the campus, it's a versatile space for working and eating.

A dozen microwaves are available to heat up your meals, as well as My Green Shop vending machines (sweet and savoury snacks and drinks).

PRACTICAL ASPECTS

FOOD TRUCKS

Several food trucks are present on campus, offering a variety of healthy meals.

NEAR CAMPUS: THE CROUS CATERING

- These include Restos U, Cafets, Crous(S)pace' and Crous'Truck, offering a complete range of dishes at great prices! (€3.30 for students without grants and €1 for students with grants)! + more information: [Crous Pays de la Loire](#).
- To benefit from the Crous social rate meals (€3.30 or €1 depending on the situation), students must use their Izly account, activated via their student card or the mobile application. Visit the [Izly website](#) to find out more.

CENTRALE NANTES AMAP

The Association de Maintien de l'Activité Paysanne de Centrale Nantes (AMAP) offers students, staff, researchers and teachers organic, local and seasonal vegetables, fruit and eggs all year round. This service offered by Centrale Nantes' Sports Office (BDS) promotes short-circuit trade and supports local producers.

The Fablab, the media library, living spaces for your projects

The fablab CENTRALab

The FabLab is located in Building I.

It is a shared workshop that brings together equipment as well as skills to support, train and assist everyone in carrying out their projects. It is open to the whole campus community.

You will find a wide range of equipment grouped into the following areas: mechanics, 3D, cutting, metal, tooling and moulding..

PRACTICAL ASPECTS

The media library

The media library is a quiet place where you can work and relax in peace. You can borrow books, theses, comics, novels, magazines (publications, etc.), DVDs and DVD players.

Feeling tired, need to recharge your batteries? Take a break on our "fatboys"

Open during the school term: Monday, Tuesday, Thursday: 09.00-18.30
Wed. 09.00-18.00 - Fri. 9am-5pm

Digital tools

Here are the main digital tools that will be useful to you from the very start of the academic year:

- **Intranet**: Check essential information about your academic program, school life, and campus life (available in French and English).
- **Onboard**: Access your timetable, grades, and academic record (e.g. jury decisions) (available in French and English).
- **Hippocampus**: Access your course materials.
- **Email**: Check your school email inbox daily to stay reachable and informed about mandatory steps in your program, campus events, and student life. You can install your school email on your mobile phone.
- **Centrale Nantes JobTeaser**: Career platform (internship offers, events, and professional appointments).
- **School website**: Learn more about your school (education, research, innovation) (available in French and English).
- **Eduroam**: You have automatic and secure access to a vast global Wi-Fi network available at many higher education institutions (such as Nantes Université, IMT, MIT, Caltech, etc.).
- **CNA** – To keep up with news from the Centrale Nantes Alumni network at centraliens-nantes.org.

You can find all web services on the [intranet](#).

Extra tip: Don't forget to check the screens in the Kfet (building E) and in hall A.

STUDENT LIFE

Insurance and healthcare

Three types of insurance are mandatory for international students in France:

- **Health: Social Security**
Complementary health insurance is also highly advisable
- **Civil liability**
- **Housing insurance**

SOCIAL SECURITY - *sécurité sociale*

SOCIAL SECURITY FOR EUROPEAN STUDENTS

You first need to be covered by the health insurance from your home country. You will need to ask for your European Health Insurance Card before coming to France and be sure it covers the entire stay in France. If yes, no need to register to the French Social Security.

SOCIAL SECURITY FOR NON EUROPEAN STUDENTS

You must sign up for French Sécurité Sociale coverage as soon as you arrive.

COMPLEMENTARY HEALTH INSURANCE - *a mutuelle*

Social Security only covers 70% of all medical expenses. A *mutuelle* reimburses some or all of the difference (for medical consultations, medicine, etc). In Nantes, there are several main providers:

- [SMERRA](#)
- [HEYME](#) - partner of the school, with competitive rates for students ([download the document](#))
- [Harmonie Mutuelle](#)
- [Yvon](#)
- [LMDE](#)

To register for French Social Security

- [Download the procedure to follow](#)
- Register on the website: etudiant-etranger.ameli
- We strongly recommend that you complete this procedure as soon as possible after arrival.

Insurance and healthcare

CIVIL LIABILITY

Civil liability insurance is compulsory. It covers you for damage you cause to others in your private life and as part of your student activities. This insurance is required by companies hosting you for an internship, and it must state that it covers you in the context of an internship.

You should note that **civil liability coverage covers you against damages to third parties but not necessarily to yourself, so, remember to take out suitable health insurance.**

Mutuelles and banks can all provide civil liability insurance, so do not hesitate to add it to your existing contract.

Some examples of insurance providers:
[MAAF](#), [Macif](#), [Groupama](#)

INFIRMARY

Health check-ups, vaccinations, injuries... a nurse is available on campus to listen to you and is your first point of contact for both preventive medicine and first aid.

The nurse manages the compulsory medical check-up for first-year students.

- **Where:** Building IM3 bis – at the end of the campus near the S building
- **When:** Monday to Thursday 8.15am to 4.45pm, Friday 8.15am to 12.15pm
- **How :** in person or by email at infirmierie@ec-nantes.fr or by phone 02 40 37 25 20 / 06 21 44 11 95

- More information on the intranet (access reserved for students and staff)
- You can also contact the Nantes Université student health service for information and to make an appointment.

Equality, diversity and inclusion at Centrale Nantes

Centrale Nantes is committed to diversity, equality and inclusion for its staff and students.

To this end, the school set up an Equality, Diversity and Inclusion Committee in 2020. The goal of the Committee is to ensure that everyone is free to embrace their differences and identity without fear of scrutiny from others and to maintain equality and respect for all.

The committee is addressing five main themes: **International, Gender Equality, Disability, Secularism, LGBTQI+.**

Support and reporting for incidents of harassment and gender-based and sexual violence:

Centrale Nantes has set up a support and reporting system, accessible to all students who are victims of or witnesses to harassment, gender-based and/or sexual violence.

The support system ensures that a victim or witness receives appropriate support.

All reports sent to the reporting unit are treated individually in order to hear the victim's or witness's views and to offer them appropriate support.

It comprises 3 elements:

- **SUPPORT:** The school provides students with a comprehensive support system, mobilizing resources both inside and outside the school.
- **REPORTING:** Students can contact the school's reporting unit at any time. This triggers an internal procedure.
- **LEGAL PROCEEDINGS:** Legal proceedings can be initiated in a number of ways: by the victim directly and/or by the director via a report to the public prosecutor (in accordance with article 40 of the French Code of Criminal Procedure). It is independent of the school's internal procedure.

All reports sent to the reporting unit are treated on an individual basis in order to hear the views of the victim or witness, and to offer appropriate support.

Detailed information is available on the student intranet.

Welcoming students with disabilities or special needs

Daily life on campus

- All departments in contact with students and teachers are informed about the arrangements made for students with disabilities.
- The presence of a nurse on campus, provides for individual care.
- Students with disabilities have priority access to accommodation at the Max Schmitt residence.

APPLY FOR SPECIAL ARRANGEMENTS AND INDIVIDUAL SUPPORT

To apply for special arrangements and individual support, you need to download the procedure and follow each step. The form to fill in should be downloaded before the appointment with the nurse.

- [Download the special arrangements and individual support procedure](#)
- [Download the special arrangements and individual support application form](#)

In the absence of special arrangements and individual support, it is possible to put in place temporary arrangements under certain conditions.

CAMPUS ACCESSIBILITY

- Buildings A, E, L and S are equipped with lifts.
- Ramps facilitate access to certain areas and buildings.

CONTACTS

- **Infirmery** : infirmierie@ec-nantes.fr
- **Disability coordinator** : referent.handicap@ec-nantes.fr

A very lively and dynamic associative activity

STUDENT ASSOCIATIONS

Community life at Centrale Nantes consists of 3 BDX: the Students' Office, the Arts Office and the Sports Office, and more than 110 clubs and associations offering a wide range of activities all year round. Discover the wealth of associations on the alpha website and during the associations forum (see the schedule on the welcoming programme).

Special study arrangements

Students on the Bachelor of Science in Engineering Programme and the Engineering Programme may benefit from special study arrangements in certain cases. Provisions can be made for students who are elite athletes, performers or those involved in a national association, to enable them to successfully pursue their dual objectives (study and sports/arts/associative).
